

South Bay Workforce Investment Board Apprenticeships

Launch Your Career Through Paid Training and Hands-On Experience

SBWIB offers registered apprenticeship programs designed to help you build essential skills in high-demand fields. Each program provides a structured pathway from training to full-time employment.

Apprenticeship Pathway:

Training

Gain foundational skills through certified courses and practical labs.

Pre-Apprenticeship

Build job readiness skills through paid work-based learning and gain valuable industry exposure.

Apprenticeship

Engage in structured, paid training under experienced professionals with DAS-registered programs that leads to regular employment.

Employment

Secure long-term positions in your field, supported by industry certifications.
